

**WE NEED TO WIN THE WAR,
NOT JUST THE BATTLE**

be water

fall back when needed / keep
moving / exhaust the pigs / no
need to occupy / no need to seige

spread fire

destroy what can destroy you /
slow down the pigs / act free /
get nice free shit for everyone

**go out with trusted friends - leave if
seperated or outnumbered - better to be
home early than have a late night in jail**

there is always the next night
