

**WE NEED TO WIN THE WAR,
NOT JUST THE BATTLE**

be water

fall back when needed / keep moving / exhaust the pigs / no need to occupy / no need to seige

spread fire

destroy what can destroy you / slow down the pigs / act free / get nice free shit for everyone

go out with trusted friends - leave if seperated or outnumbered - better to be home early than have a late night in jail

there is always the next night

made by @baterscafe
