

**WE NEED TO WIN THE WAR,  
NOT JUST THE BATTLE**

be water

fall back when needed / keep moving / exhaust the pigs / no need to occupy / no need to siege

spread fire

destroy what can destroy you / slow down the pigs / act free / get nice free shit for everyone

go out with trusted friends - leave if separated or outnumbered - better to be home early than have a late night in jail

*there is always the next night*
